

## NOTICE

13.06.2022

This is to inform all that Placement Cell EIEM will organize a campus drive for selection of **Interns** in Alien Brains on **15<sup>th</sup> June'2022** at EIEM Campus for Diploma 2<sup>nd</sup> yr., 3<sup>rd</sup> yr. and B.Tech 3<sup>rd</sup> yr., 4<sup>th</sup> yr. candidates.

a) **Machine Learning Mentor: Alien Brains** specialize in providing mentorship to students and corporate PAN India in Machine Learning and are looking to groom young students who want to enter this noble mentorship domain.

b) **Web/App Developer specializing in React JS/Ruby on Rails: Alien Brains** have multiple in-house projects as well as our ever-growing app Sociana in which would like to give them hands-on experience and again groom them as Company's future developers.

**Stipend:** The initial starting stipend will be somewhere around INR 3000-10000, depending on the quality that the student brings to the table. After that, the internship stipend will increase by a minimum of 25% every 4-6 months. The reporting managers of these interns will ensure that these students get adequate time to balance their college studies. In cases of necessity for workload management, there will be provisions to limit the internships to semester breaks.

**PPO:** All of these hired interns will be eligible for a PPO and will get a formal offer letter from company after completing the internship across two semesters with Company. Naturally, the offer will vary depending upon the performance exhibited, but an offer of a minimum of INR 4.8-9.6 LPA per student will be on the cards. Company will provide these interns with appropriate certificates and recommendation letters post-completion of their respective internships. The nature of this internship, Work from home or Work from the Office, will be the students' choice.

**Hiring Process:** Company will conduct a seminar to explain to students about the company profile, job profile, and the opportunity that lies ahead. In addition, this seminar would ensure that only interested candidates turn up for the interview process. Company will also conduct a brief mentorship session for about 30-45 minutes during this seminar. An MCQ test will precede the one-on-one interview, which would help us shortlist the deserving candidates and limit our interviews to the Top 20 students. The top 20 students would then be asked questions based on that 30-45 mins mentorship session and whatever knowledge and skills they have gathered up until now that is relevant to the job profile they are applying for.

Reporting time: 11:00 a.m.

**Academic Documents:** 1 copy cv with pass port size photo, Class X mark sheet, Diploma Mark sheet, Proficiency certificate for academic excellence, if any.
